

Professional Installation

September 25, 2017

Dear Sir or Madam:

We *The Detection Group, Inc.* hereby declare that the family of products listed below will always be installed by a professional installation crew. Currently, The Detection Group installs all of its hardware in buildings by our own professional crew. In the future, we expect to select and train companies that have expertise in wireless building systems or building security systems.

Product: Wireless Sensor, Model: DT-502,
FCC ID: 2AK4V-DT-502, IC: 22517-DT502

Product: Wireless Communication Hub, Model: DT-501
FCC ID: 2AK4V-DT-501, IC: 22517-DT501

Product: Wireless Valve Controller, Model: DT-503,
FCC ID: 2AK4V-DT-503, IC: 22517-DT503

Product: Smart Base Station, Model: DT-500,
FCC ID: 2AK4V-DT-500, IC: 22517-DT500

Please contact me should there be need for any additional clarification or information.

Sincerely,

Jens Rasmussen
